**Assembling top Korean American
Leaders to strategize about the
future of our national community**

Starting in 2019, CKA will launch six critical initiatives entitled, **“Engage, Enlighten, Enrich, Elevate, Empower, and Envision” (6Es)** to achieve this mission. These endeavors focus on developing meaningful networking and leadership development opportunities.

Our goals are to promote unity among Korean American leaders, strengthen our community through education and advocacy, and empower Korean Americans to be more impactful in their communities to ensure that our voices are part of the national discourse.

This document is an overview of the **Envision Initiative**. Join us as a sponsor of this important effort.

eNVISION

At CKA, we believe that location plays an important role in generating inspirational ideas, facilitating in-depth conversations, and deepening friendships. The Envision Retreat is a three-day retreat where we welcome 20 to 25 key senior stakeholders and donors to discuss how to elevate our national community. We will convene in locations such as Yellowstone and Oahu, we gather stakeholders to be inspired, build relationships, and learn about the long-term vision of CKA.

Together, we will discover breathtaking outdoor activities and exclusive networking opportunities with movers and shakers of the Korean American community, as well as engage in discussions about the future of CKA.

Envision Retreat with CKA Leaders and Supporters
